

Crimp System Tool

This crimp tool is recommended for crimping solar contacts. The excellent handling, easy exchange of the crimping die sets and the option of adding a positioning aid are features in favor of these crimping pliers.

- > High-precision ratchet mechanism for complete crimps
- > 1.2 metric tons pressure at crimping face, with minimal hand effort
- > **Interchangeable high-precision Crimping Die Sets**
- > Parallel jaws for even crimps
- > Interchangeable Locators for precise positioning of terminals
- > Well balanced, approx. 1.5 lbs.
- > Compact build, 8" long
- > Made in Germany - made by Rennsteig

Double-plated ratchet gear extends tool life

Easy grip even when fully open

Parallel crimping

Locator
(for the correct positioning of the specific contact)

Interchangeable Crimp Dies

Solid construction

Two component ergonomic handles

Ratchet action inside

Emergency Release
(if jam occurs)
