Battery SN photo	Inverter SN photo	Whole system photo
		

- Customers who purchase an extended warranty with a certain price increase will be provided with a extended warranty certificate after the purchase contract is signed and approved.

4. How to Make a Claim Under Warranty

If you need to make a warranty claim, the buyer/user shall contact the seller and provide the following information :

1. **Purchase Invoice:** Including the name of the device, serial number, and date of purchase.
2. **Claimant Contact Information:** Including the name of the person, name of the company, phone number, email address, and shipment address.
3. **Defective Product Information:** Including the model(s), serial number(s), installation date, and failure date of the defective product(s). Please make the claim within 2 weeks of the failure date; otherwise, Luxpower will consider that you have waived the right to make a warranty claim.
4. **Installation Information:** Including the brand, model, and number of PV panels, and the brand and model of batteries.

5. **Error Messages:** Any error messages displayed on the LCD screen (if applicable) and additional information regarding the fault/error.

6. **Failure Description:** A description of actions taken before the failure and detailed information about any previous claims (if applicable).

After the Warranty claim has been lodged, a final verification of the Warranty claim will be made by Luxpower . The Seller reserves the right to refuse a Warranty claim where adequate information is not provided.

In case of Non-availability of any particular Product while claiming a Warranty, Luxpower may, at its discretion, replace the Product with a refurbished Product or different Product or parts, with equivalent or similar functions and performance.

5. Other Terms

- This extended warranty service is limited to the original purchaser and is non-transferable.
- The Product would be Warranty compliant as long as it is not moved, reinstalled or transferred to any other place, from the original place of installation without authorization.
- The Warranty period will not be extended in case of any repair or replacement of any Product or part. No new period of Warranty of that particular Product shall commence; rather any remaining Warranty shall continue.
- In case of any replacement of Product, the replaced Product would be deemed to be the Seller's property.
- Any claim made under the terms and conditions of this Warranty must be made within the Warranty period.
- LuxpowerTek reserves the right of final interpretation of the extended warranty terms and has the right to adjust or modify them based on actual conditions.
